

## ETHICS IN NUCLEAR ENGINEERING AND DESIGN—PANEL

### Session Organizer: Robert B. Hayes (NCSU)

This panel will explore the nexus of ethics in quality, safety, cost optimization and schedule driven goals. Issues associated with temptations to compromise on standards or regulatory compliance in a commercial environment will be considered.

**Panelists:** The ANS Code of Ethics, Vic Uotinen (*CNF*)  
Instilling Ethics in the Next Generation of Nuclear Engineers,  
Rachel Slaybaugh (*Berkeley*)  
Ethics in Nuclear Safety, Robert Wilson (*DOE-EM*)  
Ethics for Licensed Professional Engineers, Paul Edelman (*LANL*)  
Ethics in Action, B. J. Marshall (*ORNL*)  
Ethics under Pressure to Compromise Principles, Robert Hayes  
(*NCSU*)  
Ethics in Radiation Protection Safety and LNT, Alan Waltar (*ANS  
Past President*)
